

Jake,

My heart breaks to see you like this,
And knowing how much time you miss,
I want you back,
To be normal and back on track,
And be at school,
To hang with your mates and joke like a fool,
I need you back,
I want my brother back.
To be awake,
To be with us,
Celebrate good times,
Just sometimes,
I miss you bro,
I wish it wasn't you,
Jake come back soon.

Kleine Levin Syndrome - I hate you!
I want a cure,
And Nobody to suffer anymore,
I think of all those who suffer too,
I hate it as much as all those families do,
I want them back,
to be normal and back on track,
I think every night to all those who suffer,
and hope together we can become tougher.

Come back soon all of you!
